Dam Breed	Registration # <small>(If Applicable)</small>	TLBA/TGBA# <small>(W. Dam / W. Doe If Applicable)</small>	Flock Tag / Tattoo

By signing this document, the exhibitor and parent/guardian, recognize his/her responsibilities for the primary and continuous care of livestock projects throughout the feeding period and hereby authorizes the State Validation Coordinator or designated representatives and/or State Validation Compliance Team, supervising CEA/AST, and the "Species Specific County-Level State Validation Committee" **the right to inspect your livestock project(s), along with any other state validated livestock projects on premises, at any time during the feeding period with or without prior notice.** State validated livestock must be made available for inspection at any time requested at the address listed on validation record or any other property (public or privately owned) where the livestock may be located. Failure to make inspection available as requested will constitute a violation of validation rules and may lead to disqualification of the livestock in question and any other validated livestock. Additionally, any exhibitor in violation of the primary and continuous daily care rule is subject to disqualification.

**ATTENTION: Exhibitor(s), parent/guardian, supervising CEA/AST, and committee members are equally responsible for making sure sheep/goats are validated properly and that all information found on this Validation Form is correct. It should be noted that validation is a proof of ownership as required by major livestock shows in Texas. It does NOT automatically enter exhibitors in a major livestock show or county show.**
